About the Winnetka Neighborhood Council (WNC)

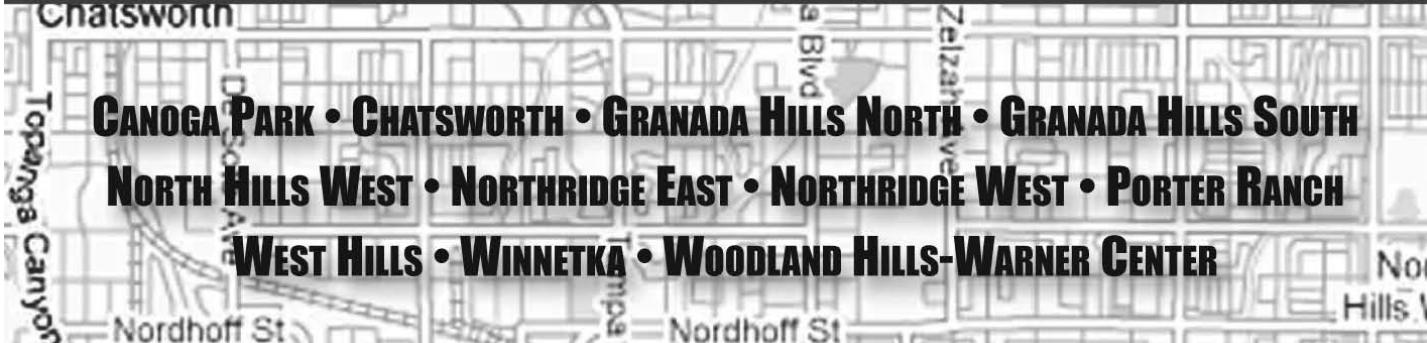

The WNC is an advisory Board to the City of Los Angeles City Council. We are certified by the City of Los Angeles to represent the community of Winnetka in City matters and work to improve the community. Our job is to interact directly with our stakeholders and take your concerns and needs back to the City Council member or City departments. Stakeholders are defined as people to live, work or own property in Winnetka.

However, the WNC is really what we make it. While we can't pass ordinances, we can lobby our representatives. While we can't direct the City departments where to focus their efforts, we can work with them to improve Winnetka.

We also have the responsibility of educating our stakeholders on how our City government is run and how to get things done. And we have the duty and responsibility to work together to improve our community.
